AS GOES CALIFORNIA...SO GOES THE NATION

Something is **not** quite **right!** We feel **local control slipping away** - whether unease is about our food, water, education, Geo-engineering, Agenda 21, One Bay Area Plan, Private Property Rights, Common Core or more, our concerned **voices are being ignored.** Yet, this *is not* an issue of "Left" vs. "Right."

JOIN US for a jam-packed day of **cutting edge** information about plans being arranged and implemented for our communities...**without our input or say!**

JOIN US to strategize on how we will take back local control.

Led by experts, **JOIN US** for a seminar like no other - where political division is set aside and concerns and solutions for our environment, our community, and our freedom take center stage. (*limited seating + early registration discounts available*)
